NEW DESIGNER PLUS V6 AND EDITOR PLUS V6: COMPREHENSIVE TRAININ *Elyse Turkeltaub*

Expand your creativity as you learn the capabilities of Bernina Embroidery software Version 6. You will “Think out side the box” as you “Magically” create your own unique embroidery designs with Designer Plus V 6 and Editor Plus V6. During the six sessions, you will fine tune your software set-up and learn how to create, change, combine, and manipulate “objects” which comprise the embroidery designs. Exercises will include digitizing embroidery designs from pictures; creating an embroidery design from scratch; adding and manipulating letters; creating monograms and appliques, creating personaliized quilt labels, multi-hooping, and creating and placing buttonholes on a garment or Home dec project. We will explore color, rescaling, reshaping, the various types of stitches and tools available, and finalizing a design for a successful stitch-out. Portfolio, and essential tool will be used throughout the training. There will be homework to help build your skills as we move from week to week. Prerequisite: Software installed on your computer and basic computer skills including how to save and open a file. Each week’s skills will be built on the previous training sessions so please plan to attend all training sessions supply list: Bring your computer, mouse, electric cord, dongle, and paper and pen for taking notes. Don’t forget your eye glasses and a drink and snack. SUPPLY LIST. 6 sessions. \$189
