

# EMBROIDERY AND BEADING

## HAND SEWING: THE FINISHING TOUCHES

*Connie Long*

In this class we will make a sampler of various hand stitches used in fine couture finishes such as; the blind catch stitch and half slipstitch for hems, hand rolled hem for chiffons and lightweight silks, French tacks, hand sewing buttons appropriately elevated for the fabric you are using, hand sewn zipper, covered snaps and more. SUPPLY LIST. 1 session. \$49

## TULLE SANDWICH EMBELLISHING *Connie Long*

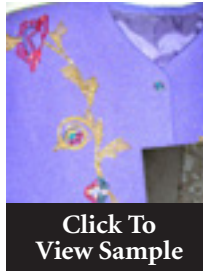

Create beautiful floating collages using combinations of humble or exotic or luxurious ingredients such as discarded thread, snips of fabric, beads, etc. You will start to look at the throwaway by-products of your everyday sewing in a new light. Because you don't have to sew through the embellishment material to hold it in place, you can incorporate solid (but not sharp) objects, such as lightweight coins and beads into the design. The finished collage can be used to dress up the border of a garment. Another fun option - an elegant and original lampshade! SUPPLY LIST. 1 session. \$49

## BEADED EMBELLISHING BY

**MACHINE** *Connie Long*

We will explore the possibilities for applying beads and beaded trim to fabric using the sewing machine. This technique allows you to couch (sew to the top of the fabric) beads along necklines and edges, to create borders down the front or along hemlines or to add beautiful swirl designs. SUPPLY LIST. 1 session. \$49

## BEADING ON FABRIC *Connie Long*

Embellishing fabric by hand, sewing individual beads and sequins allows you to create unique garments and accessories. This class covers the design process: getting inspired, checking sources for design ideas and then executing the design. We will also sew beads to practice the various stitches on a sample fabric and design to get familiar with the techniques. Kit Fee \$5. 1 session. \$49
